To the teacher

The most important features of this eBook are:

- It is a grammar book. It does not deal with other aspects of the language.
- It is for elementary learners. It does not cover areas of grammar which are not normally taught at elementary level.
- It is a reference book with exercises. It is not a course book and is not organised progressively.
- It is addressed to learners and intended for self– study.

Organisation

There are 115 units in the book, each one focusing on a particular area of grammar. The material is organised in grammatical categories, such as tenses, questions and articles. Units are *not* ordered according to difficulty, and should therefore be selected and used in the order appropriate for the learner(s). The book should *not* be worked through from beginning to end. The units are listed in the **Contents** and there is a comprehensive **Index.**

Each unit has the same format consisting of two screens. The grammar point is presented and explained on the first screen and the corresponding exercises are on the second. There are seven **Appendices** dealing with active and passive forms, irregular verbs, short forms (contractions), spelling and phrasal verbs. It might be useful for teachers to draw students' attention to these.

After the units there is a set of **Additional exercises**. These exercises provide 'mixed' practice bringing together grammar points from a number of different units (especially those concerning verb forms). There are 35 exercises in this section and there is a full list **here**.

There is also a **Study guide** to help students decide which units to study.

Level

The book is for elementary learners, i.e. learners with very little English, but not for

Key to Exercises

UNIT 1

1.1
2 they're
3 it isn't / it's not
4 that's
5 I'm not
